IMPACT

COASTAL WINDOWS & DOORS
Built-In Strength for Maximum Protection

STORM PROTECTION 24/7

BENEFITS & FEATURES

- A full line of complementary products certified and designed to give you peace of mind
- Low maintenance of vinyl, virtually impervious to the elements allowing you the freedom to spend your time with other things besides costly painting
- Energy Efficient - can be ordered with LoE³-366 for maximum solar heat gain protection
- Durable - PVC vinyl has been proven to stand up to the harshest conditions while providing excellent insulating qualities
- Engineered Strength - fusion welding and reinforced profiles create superior resistance to winds and air borne debris
- No unsightly metal shutter systems over every window. No stacks of plywood in the yard or garage.

ULTIMATE PROTECTION

From storms and hurricanes 24/7 by using impact resistance glass that will keep your home safe from flying debris.

SOUND CONTROL

Effectively eliminates up to 50% more noise than single pane glass. Carries an STC rating of 35

SECURITY & SAFETY

The laminated glass, similar to your automobile windshield, provides an effective deterrent to theft and reduces the potential of injury from accidental glass breakage

SOLAR PROTECTION

Removes 99% of harmful Ultra-violet (UV) radiation that can fade furniture, rugs and artwork

- Fusion-welded frame, extruded vinyl provides better protection (Frame options available: Box, Box w/Fin, Box with Fin and J, Masonry Flange)

GLASS OPTIONS

Standard Glass: Double-strength tempered and laminated glass package with .090 PVB Interlayer for remarkable strength (1" IGU)

Glass Options: Tempered Obscure, Turtle Glass/ Greylite, All Energy Star Climate Zone Packages (and ETC Super Solar & ETC Super 366)

Install "Turtle Glass" on all windows that are in line-of sight of the beach. This glass is tinted and will help protect sensitive turtle nesting grounds.

COLLECTION of Choices

Double-Hung, Horizontal Roller, Casement, Awning, Picture, Geometric, Sliding Patio Door and Garden Door.

COLORS

GRID OPTIONS

Flat and Sculptured Grids are available in 5/8" or 1" width. Available in Flat or Sculptured White, Tan and Bronze and Sculptured Brass.

IMPACT TESTING performed at a certified AAMA lab site. To pass these tests, the product must endure conditions that are more intense than a window or door is likely to ever experience in your home.

OUTSTANDING PROTECTION

Amcraft's warranty certifies our commitment to total customer satisfaction. All IMPACT window/patio door vinyl components are backed by a transferable limited lifetime warranty (residential) that protects your investment.

Lifetime Vinyl, Hardware, IGU, Screen
20-year Accidental Glass Breakage Coverage
10-year Factory Applied Exterior Coating
